

Château Tour Saint Honoré

Cuvée Carignan 2021

- **Grape varieties:**

100 % Carignan of 75 years old

- **Vinification:**

Harvesting by hand. The stalks are kept during the fermentation for 1 month. The grapes are picked up very ripe for a good phenolic maturity. The wine is aged during six months in oak barrels.

- **Tasting commentaries:**

Intense colour with garnet reflections. His nose is powerful with garrigues notes and red fruits at first and then black fruits and spices. Same thing for the mouth with power and delicacy.

- **Wine pairing:**

"You can drink this wine on ambient temperature, with delicatessen, grilled meat or a nice roast".
